

Brace Up.
You are feeling depressed, your appetite is poor, you are bothered with Headache, you are fidgety, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which actually do you an hour, and then leave you in worse condition than before. What you want is an alternative that will purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at Hodgkinson & Co.'s Drug Store.

At Night Always have Soother at hand. It is the only safe medicine yet made that will cure all infantile disorders. It contains no Opium or Morphine, but gives the child natural ease from pain. Price 25 cents. Sold by
W. PINNIGER, Druggist.

Rapid Healing of the Heart.
Whenever you feel an uneasiness in the region of the heart, a slight pain in the shoulder, arm, or under the shoulder-blade, or when you find yourself short of breath usually preceding, or your heart has periods of beating fast, you have heart disease, and should take Dr. Flint's Heart Remedy. At drug-gists, \$1.50. Descriptive literature with each bottle; or address J. J. Mack & Co., S. F.

Many Of the good things of this life are sorrowfully let alone on account of Dyspepsia. Acker's Dyspepsia Tablets, which cure Dyspepsia, Indigestion and Constipation; sold on a positive guarantee at 25 and 50 cents, by
W. PINNIGER, Druggist.

Unnecessary Misery.
Probably as much misery comes from habitual constipation as from any derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. Ham-burg Figs were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 50 cents. At all druggists. J. J. Mack & Co., Proprietors, S. F.

Don't Trifle with any Throat or Lung Disease. If you have a Cough or Cold, or the children are threatened with Croup or Whooping Cough, use Acker's English Remedy and prevent further trouble. It is a positive cure, and we guarantee it. Price 10 and 50 cents.
W. PINNIGER, Druggist.

Their Business Booming.
Probably no one thing has caused such a general revival of trade at Hodgkinson & Co.'s drug store as their giving away to their customers of so many free trials of bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

Babies That are fretful, peevish, cross, or troubled with Windy Colic, Teething Pains, or Stomach Disorders, can be relieved at once by using Acker's Baby Soother. It contains no Opium or Morphine, hence is safe. Price 25 cents. Sold by
W. PINNIGER, Druggist.

Cure for Piles.
Hemorrhoids are known by moisture like perspiration, producing a very disagreeable moisture after getting warm. This form, as well as Hemorrhoids, and protruding Piles, yield at once to the application of Dr. King's Ointment, which acts directly upon the part affected, absorbing the tumors, allaying the intense itching, and effecting a permanent cure. 50 cents. Address The Rosanoff Medical Co., Piqua, O. Sold by S. J. Hodgkinson & Co., Reno, Nev.

Save The Children. They are especially liable to sudden Colds, Coughs, Croup, Whooping Cough, etc. We guarantee Acker's English Remedy a positive cure. It saves hours of anxious watching. Sold by
W. PINNIGER, Druggist.

Dr. Bo-Man-Ko
In his new discovery for Consumption succeeded in producing a medicine which is acknowledged by all to be simply marvelous. It is exceedingly pleasant to the taste, perfectly harmless, and does not sicken. In all cases of Consumption, Coughs, Colds, Whooping Cough, Croup, Bronchitis, and all the chest troubles, given universal satisfaction. Dr. Bo-Man-Ko's Cough and Lung Syrup is sold at 50 cents by S. J. Hodgkinson & Co., Reno, Nev.

Merit Will Tell
Was never better demonstrated than when "Fryer's Ablesene Remedies" were awarded diplomas at the late California State Fair at Sacramento, and at Mechanics Institute at San Francisco. W. Pinniger is agent for these celebrated "Ablesene Remedies," and he offers to return your money if they do not give satisfaction. In buying, be sure the genuine signature of Dr. Fryer is on each, as none are genuine without it.

An Absolute Cure.
THE ORIGINAL ABLESENE OINTMENT is only put up in large two-cent bottles, and is an absolute cure for old sores, burns, wounds, chapped hands, and skin eruptions. Will positively cure all kinds of skin diseases. Ask for the ORIGINAL ABLESENE OINTMENT. Sold by Osburn & Shoemaker at 25 cents per box by mail 50 cents.

Cure for Sick Headache.
Go to S. J. Hodgkinson & Co., the druggists, and get a free sample of Dr. Gunn's Liver Pills. Will cure Sick Headache, the first night. Cost 25 cents. Sallow Complexion, Pimples on the face. Only one for women. 25 cents a box.

Asthma and Phthisis are instantly relieved by taking a few doses of Fryer's Ablesene Cough Balsam. (It contains no Opium.) Price, 75 cents. Sold by W. Pinniger. All genuine Ablesene preparations bear the facsimile signature of Dr. F. Fryer.

The Pacific Beef Market.
While it is true that to the large demand California has made upon Arizona for beef cattle and paying therefor good prices, many distressing financial complications have been averted in the stock line this spring, it is no indication that such heavy shipments are going to continue on or that our cattlemen are for all time to realize as they have during the past year. Whether or not it is due to the clinching proclivities of the Chicago middlemen or the shrewdness of a Kansas City stockyard rounder the fact is that to-day car-load after car-load of refrigerated beef is of regular shipment from the east to the inviting markets of the Pacific. Such shipments of this class of meat may for a time affect the pocket of the Arizona producer, and give the beef ring an extension of territory in which to apply their methods of still further doing up the southwestern rangeland, but it can only be of short and sweet duration. The severe losses on western ranges during the past two years and the advent to the territory in the last six months of representatives of packing houses, go in themselves to show that the beef supply is diminishing in numbers and quality and though the west may be still further menaced by still another cut in price, there is as much apprehension manifested in the east as to supply. A few thousand head shipped from Arizona to California in the past year has made it difficult to now find many ranges with fit shipping stock, but whether this may be a fact or not the deplorable effects of the drouth in the Mississippi River States and the cutting blizzards incident to the northwest and west have both left their demoralizing effect on live-stock in their respective sections. From the contented manner and buoyant spirit displayed by western rangeland at any change for better or worse in the business, it must be apparent under the existing state of affairs and susceptibility of every industry in these days to "booms" that the cattlemen will "get there just the same," the only difference with him from any other character of business being that from the number of years he has been retrenching on the outskirts that when this commodity comes it will be liable to "stay there." [Arizona Hoof and Horn.]

In Nebraska, where glandered horses are exterminated by order of the authorities, the State pays the owner for the value of the animal. It is said quite a profitable business is carried on by parties who take over the State line lots of diseased horses from Dakota, Iowa, and other localities for the purpose of receiving the bounty.

Eureka.
The motto of California means, I have found it. Only in that land of sunshine, where the orange, lemon, olive, fig and grape bloom and ripen, and attain their highest perfection in mid-winter, are the herbs and gum found, that are used in that pleasant remedy for all throat and lung troubles.

Santa Abie, the ruler of coughs, asthma and consumption. Osburn & Shoemaker have been appointed agents for this valuable California remedy, and sell it under a guarantee at \$1 a bottle. Three for \$2.50. Try California Cat-R-Cure, the only guaranteed cure for catarrh. One dollar, by mail \$1.10.

If you have a cold, cough, bronchitis or any form of throat or lung disease, do not neglect it. Ayer's Cherry Pectoral, promptly used, will speedily relieve and cure all ailments of this character.

As Extended Popularity. B. o. W.'s Bronchial-A-Cure have for many years been the most popular article in use for relieving Coughs and throat troubles.

\$500 REWARD :
THE ABOVE REWARD WILL BE paid for the arrest and conviction of any party or parties found guilty of stealing, killing or running off, altering brands of marks of any live stock belonging to any member of the Nevada Live Stock Association.

A store Fronts, Cresting, Fencing, etc. Now is the time to have your estimates and plans prepared if you contemplate building.

MISCELLANEOUS.

EVERY NIGHT I SCRATCHED

Until the Skin was Raw, Body Covered with scales like spots of mortar. Cured by the Cuticura Remedies.

I am going to tell you of the extraordinary change my cutaneous system has undergone. About the first of April last I noticed some red pimples like corns on all over my body. I thought nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came off in layers, accompanied with itching. I would scratch every night until I was raw, and then the next night the scales being forced I mean while were scratched off again. In vain did I consult all the doctors in the country, but without aid. After a long and painful recovery, I happened to see an advertisement in the newspaper about your Cuticura Remedies, and I purchased them from my druggist and used them. I had the disease thirteen months before I began using the Cuticura Remedies, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I recommended the Cuticura Remedies to all in my vicinity, and I know of a great many who have taken them and thank me for the knowledge of them, especially mothers who have babies with scaly eruptions on their heads and bodies. I cannot express in words the thanks to you for what the Cuticura Remedies have been to me. My body was covered with scales, and I was a awful spectacle to behold. Now my skin is as nice and clear as a baby's.

Sept. 21, 1887.
Feb. 7, 1888.—Not a trace whatsoever of the disease from which I suffered has shown itself since my cure.

W. PINNIGER, Druggist.

I CAN'T BREATHE!
Chest Pain, Cough, Weakness, Hacking Cough, Asthma, Pleurisy and Inflammation relieved in one minute by the Cuticura Anti-Pain Plaster. Nothing like it for Weak Lungs.

FRIDAY.....APRIL 13, 1888

THE objections filed by Messrs. Beck, Boardman and Pierce Evans, District Attorney, in the Logomarine bridge matter, as advised, are misleading. As we understand the situation there was a partial arrangement between Washoe county, Storey county and the ranchers interested, to construct a bridge across the Truckee river, between Reno and Wadsworth, there being no means of crossing the river between these points other than by fording, which is hazardous. As to the history as to how Mr. Curtis came to construct the bridge, for the want of knowledge the GAZETTE is silent, but there is on file a petition signed by many of the most prominent citizens of this county for the construction of a bridge where the one in controversy was built. Mr. Curtis erected the bridge and the County Commissioners afterward, believing it necessary for the use of the county under a clause in section 1,949 of the General Laws, which section provides that, among other things the Board of Commissioners shall have the power to "lease or purchase any real or personal property necessary for the use of the county, provided, no purchase of real property shall be made unless the value of the same be previously appraised and fixed by three disinterested persons, to be appointed for the purpose by the District Judge, who shall be sworn to make a true appraisal thereof, according to the best of their knowledge and ability. The Commissioners, acting under the above quoted clause, applied to the Court, and Messrs. Powell, Mapes and Walker were appointed appraisers and reported the value of the bridge to be \$2,000. If the facts are as we understand them there is no obligation on the part of the county to purchase the bridge unless public necessity demands it, and that is a matter in which the Commissioners are the sole judges, unless they are enjoined, or other legal steps are taken. The question as to how the bridge was constructed cannot enter into the controversy. The whole thing in a nutshell is, a bridge has been built, independent of the county, which has no title directly or indirectly to it. That being so, can the Commissioners purchase it, should they consider it necessary for the use of the county?

THE American duty on prepared opium is about ten dollars a pound. The duty is out of all proportion to the cost of the article on its native soil. The object of the government in imposing so high a rate of duty is rather to prevent its importation than to derive revenue from it. But it is becoming a question if the high rate of duty does not defeat both purposes. It offers such an inducement to smugglers that the article gets in, but escapes the tax. It seems from recent disclosures that the officials of the Canadian Pacific railway help the smugglers all they can. Factories have been established in British Columbia from which the prepared article is distributed along the route of the Canadian road and held until opportunity is offered to send it across the line. It is known that the increase in the number of opium factories in British Columbia is greatly beyond any possible increase in the Chinese population, and the conclusion is fair that such factories were constructed as a part of a general plan to supply the United States with opium through the Canadian Pacific route.

WHY wouldn't a matrimonial insurance agency be a paying concern? The number of broken hearts resulting from engagements seems to be greater every week, if we are to judge by the number of breach-of-promise suits. Five thousands dollars seems to be the average value of a young lady's affections, although in some cases they have been known to run it up as high as \$100,000, while, on the other hand, some heartless juries have considered one cent and costs a sufficient return for a breach-of-promise to marry. An insurance agency would do a fine business. No splinter could afford to let the chance go by, of insuring herself against her lover's faithlessness, to the extent of, say a round thousand or two. As mankind is on the whole a pretty good sort of fellow, who generally fulfills his promises, an insurance agency would undoubtedly make money in the long run. There's a chance for a young man who wants to make his way in the world.

OVER THE WIRES.

STANFORD IN NEW YORK.

He Talks About Presidential Aspirants and Chinese.
NEW YORK, April 11.—Senator Leonard Stanford to-day said: "I have heard said that Depew was simply a stalking horse for Blaine, that the New York delegates will go to Chicago ostensibly for Depew but in reality for Blaine. I don't think Depew will consent to play the role for any man."
"Could Depew carry California?"
"I believe any Republican who has no special antagonism can carry the coast. I like Depew, but is he a man who would increase in strength after nomination? Some men very strong before the convention do not expand or gain strength as the campaign progresses. Senator Sherman, I think, could carry California. Two years ago he could not, but he has gained much by his course since."
Speaking of the Chinese, he said: "The opposition is not due to their vices, but their virtues. They are clean and are willing to work seven days a week. I have employed many willing to work for less and longer hours than any other people. They have no vote and cannot protect themselves from the outrage. I do not believe in mixing races and think it better to keep the Chinese out."

A SEA OF ICE.

Enough Experience of Vessels Off the Coast of Newfoundland.
NEW YORK, April 13.—At the Hydrographic Office a report was received yesterday that large quantities of ice off the Newfoundland coast were rapidly drifting into the steamer routes. Captain Dawson, of the steamer Portia, which arrived Wednesday from Newfoundland, via Halifax, says that he was blocked in ice at Newfoundland with other vessels for three weeks. Continuous strong east winds packed the ice so close to the shore that from Signal Hill, at the entrance to the harbor, giving a range of view of over 60 miles, no open water could be seen, and during that time the ice was so solid that he walked over four miles to another vessel. His vessel was set free by a westerly breeze, and it passed 30 icebergs within as many miles. The steamer Austria got wedged just as the Portia cleared out. Her Captain reported, upon arrival in Boston Wednesday, having passed 40 icebergs between St. John and Cape Race.

A NOTABLE WEDDING.

Edward D. Morgan Married to Elizabeth M. Moran.
NEW YORK, April 11.—Edwin D. Morgan, grandson of the late ex-Governor E. D. Morgan, who inherited an immense fortune from the latter, was married to-day to Miss Elizabeth M. Moran, daughter of T. L. Moran and granddaughter of Mr. Connell, the widely known iron manufacturer of this city. Morgan is the owner of the yacht Mayflower, and is an enthusiastic yachtsman and huntsman. He has been a widower two years, his first wife having died at Newport in 1886 of a fever supposed to have been contracted at the time of the sinking of the Gunader Oregon, on which she and her husband were passengers. She at the same time lost all her jewelry, but a diver subsequently got them. Previous to to-day's wedding Morgan returned to his first wife's parents all his presents to her, his letters, wedding presents, jewels and other presents.

SHOOTING SPARROWS.

A Practical Scheme for Destroying the Pest.

MARION (O.), April 11.—Members of the Marion and Haber Gun Clubs of this place fell into line this morning and began the destruction of the sparrows with shotguns at a premium of ten cents per dozen. The members were deployed at different parts of the city at the break of day and began firing at the little pests. It was a reminder to old soldiers of picket skirmishes when the Union and Confederate armies were feeling for each other during the war. The number in the actual engagement was about twenty, but a number of volunteers took a hand during the forenoon. The number of sparrows shot ranges from 25 to 125 for each marksman.

Conkling's Improved Condition.

NEW YORK, April 12.—News from Conkling's sick chamber this morning was of the most cheering character, and there was every reason to believe that the dread crisis had passed. Conkling spent one of the best nights since his illness. Dr. Barker remarked: "On Tuesday I said the chances of recovery were one in a hundred. Yesterday I said they were one in twenty-five, and to-day I say they are one in ten."

Scalping the Bald-Knoppers.

ST. LOUIS, April 13.—The jury in the case of David Walker, chief of the Bald-Knoppers, who has been on trial at Ozark, Mo., returned a verdict this afternoon of murder in the first degree. James Matthews, Wm. Stanley, Amos Jones and C. C. Simmons were sentenced by the Court. Stanley and Jones got twenty-five years in the penitentiary, Simmons fifteen years, and Matthews was released on \$1,000 bail.

John L. Sullivan Sails for America.

LONDON, April 12.—John L. Sullivan sailed from Liverpool to-day for home. He first obtained his belt from the custom authorities in whose custody it has been since his arrival in England. There was a large crowd on the dock to see Sullivan off, and he was heartily cheered. A number of Sullivan's friends followed the steamer for some distance in a tug.

The Labor Chieftains.

PHILADELPHIA, April 13.—This week's Journal of United Labor will publish three letters from Master Workman Powderly. In one of them he complains bitterly of the treatment the Knights of Labor receive at the hands of certain papers, and says: "An editorial in one of them takes me to task for entering into a compact with the Brotherhood of Locomotive Engineers to conduct the present strike on the C. & P. road. I have entered into no deal. I cannot enter into any arrangement which will countenance the handling of 'Q' cars by the

Knights of Labor. While I do not approve strikes, I will never lead my sanction or aid to Knights or others to assist a corporation to break up any labor organization. The future welfare of the toiling masses of to-day is centered in the Knights of Labor more than in any other order, and the man or woman who would destroy the hope of millions deserves the hatred and scorn of all."

A Railroad Victim.

OGDEN, April 13.—On the C. P. railway, a few miles west of here early yesterday morning John Evans, a young man employed as brakeman, accidentally fell between two cars of a train nearing Terrace at a rapid rate. A number of cars passed over him, and when picked up his body was torn to pieces.

THE New England Methodist Conference is indignant that Chinese laborers should be excluded from this country and have sent a protest to New England Congressmen. These gentlemen doubtless mean well, but they need more light. It would be interesting to compare all the Christian work that has been done by earnest effort among the Chinese of San Francisco with the amount of vice and degradation which their presence has disseminated among the white population of the city.

Ask for Fryer's Abietene Cough Balsam Take no other. It is the most pleasant and best Cough and Lung Remedy in the World. (It contains no Opium.) Price, 75 cents. Sold by W. Pinner. All genuine Abietene preparations bear the facsimile signature of D. F. Fryer.

BREEDERS, ATTENTION!

The Celebrated Stallion, Austin,

Will serve a limited number of mares, but all due diligence will be observed in caring for them.

AT HONEY LAKE VALLEY, LASSEN CO., CAL.,

From April 15th to July 15th, 1888.

AUSTIN is a very handsome dapple gray, 6 years old, carrying a fine head, beautifully pointed upon a long, arched neck; high withers, deep chest, and broad, strong shoulders; large girth; heavy back and loin, and well rounded rump; has a long body with plenty of bone and muscle; legs and feet are perfect. He is a good traveler and extra fine draft horse. Height, 16 1/2 hands; weight, 1,600 pounds; is kind and easy to handle; is registered in the National Normal Stud Book No. 2,977; was imported by James Perry, of Wilmington, Illinois, from Chartres, France, in 1884.

TERMS, \$20.00, PAYABLE AT END OF THE SEASON.

Good pasturage will be furnished for \$1.00 per month. I will not be responsible for any accident that may happen to mares, but all due diligence will be observed in caring for them.

JOTTINGS.

Saddles in all styles and finish at Leeper's, Sierra street, Reno.

Remember the social dance at Armory Hall to-morrow evening.

Buckboards, all styles, neat, handy and durable, at J. T. Longbaugh's, Reno, Nevada.

Ladies' and children's hose, handkerchiefs, from five cents up—at Miss Gibby's, Virginia street.

W. Pinniger, the Reno druggist, has on sale a quantity of the celebrated Thistle Dew whiskey for medicinal purposes.

Oh! George, how pretty you look. I see you have a new suit of clothes on, where did you get it? At Abraham Bros.—if course.

For good wood, a full cord guaranteed, go to Haynes & Algier. Leave orders at Elmer's butcher shop or Nelson's cigar store.

Go to Havenor's grocery store for the best groceries ever brought to this market. The gold watch will soon be disposed of. Be sure you get a ticket.

Thurston has just received a large quantity of the Vellum tracing cloth, used by surveyors and architects for drawing maps and plans. It is 36 inches wide.

Brookins keeps only first-class pianos and organs with the bells at very low prices and on the installment plan. Give him a call before purchasing elsewhere.

At about noon time every day Jake Becker's saloon is crowded with people who don't have time to go home to lunch. They get a schooner of beer and a hot lunch for 12 cents.

Improve Your Stock.

Geo. W. Mapes recently purchased the famous Norman stallion Austin of James Perry, the celebrated importer of fine horses, of Wilmington, Illinois, at a cash outlay of \$1,500, and intends not only to raise some fine horses himself, but to give his neighbors a chance to reap the benefit of his purchase. This noble animal will stand for the season of 1888 at Mr. Mapes', Henry Lake ranch, and will certainly pay breeders to go and see him. Austin is one of the finest horses that France has ever produced. See advertisement in another column.

The Three Hottest Days in 1888.

In his article on "Where to Spend the Summer" in *Scribner's* for April, General Greely, chief signal officer, makes a prophecy as to the hottest days in the year 1888. The *Detroit Journal*, taking the matter up, has offered a prize of \$500 to the person guessing correctly before June 1st, what the three days will be. General Greely immediately telegraphed his guess to the paper, in accord with his reasons in *Scribner's* for April.

The Minstrels are Coming.

Low Johnson's Black Baby Boy colored minstrels and electric brass band will be here on the 19th. Seats can now be reserved at Davis' cigar store. The Cheyenne leader says of them: "Large crowds greet them with a shout of welcome at the opera house. The artists are all first-class and their mirth-provoking comedies excited rounds of applause."

Imported Jacks.

Harlan of Columbia, Tennessee, and Dodson of Cedarville, California, are on the way to California with a car-load of fine jacks and jennets which they will offer for sale at reasonable bargains. Many of them were sired by imported jacks. They will be at Reno about the 20th to the 25th of April, 1888. **HARLAN & DODSON.**

OUR FIRE DEPARTMENT.

Report of the Citizens' Committee

—Timely Suggestions.

The Board of County Commissioners held a special meeting to-day, and the following report of the committee of citizens appointed by the mass meeting, held last Monday evening, for the purpose of adopting measures relative to the organization of an efficient fire department for the town of Reno, was submitted:

RENO, April 12, 1888.

To the Honorable Board of County Commissioners of Washoe County, Nevada.

GENTLEMEN: We, the undersigned committee appointed at the fire meeting held at the court-house at Reno, on Monday evening, the 9th inst., to confer with your board, beg leave to make the following report, and recommend as follows:

1. That two steamer companies be organized and composed of ten men each, exclusive of the engineer and fireman.

2. That an independent hose company of eight men be organized and independent of the steamer engine companies.

3. That the hand engine company be placed across the river on "Nob Hill," and in the hands of the competent company organized, and that the same be fully equipped with hose, etc.; and further that suitable quarters be immediately fitted up for the housing of the same.

4. We further recommend that the two engine companies be housed in separate houses, one remaining in the house of Engine Company No. 1, and that some place on the south side of the railroad track be selected and fitted up for Engine Company No. 2, if deemed practicable at this time; if not that the present quarters of Engine Company No. 1 be enlarged, so that the companies may have some accommodations in that house, or at least have a room in which to hold their meetings, as it is now impossible on account of the crowded condition of the room in which nearly all of the fire apparatus of the town is contained. This fact is certainly very annoying and discouraging to any company or companies which may be organized. This change, in our judgment, will increase the efficiency of the department in case of fire, and further create a rivalry between the companies, and have a tendency to entice them to prompt action. One heater for one of the steamers is an absolute necessity and should be purchased at once. We do not deem it necessary for both steamers to be kept heated, unless you decide to house them together, in which case one heater will answer for both steamers.

5. There should at once be purchased some hooks and ladders and a truck should be provided to handle the same, the department being entirely without either. We draw your attention to the several hooks which have recently been taken place, and which have shown the necessity of the last mentioned apparatus being procured.

6. We further suggest to your Honorable Board that the election of the Chief Engineer and one Assistant Chief be left entirely with the several companies. After they shall have been duly organized they shall meet jointly and elect the Chief and First Assistant Chief by ballot. Then the Commissioners may ratify their election by endorsing the election of the companies. We feel assured that by this procedure the companies will be satisfied, and jointly elect a man of their choice, and one whom they will be willing to work under and obey orders, as given.

7. Now as regards to the expenditure of the two hundred and fifty dollars (\$250) per month to properly maintain the Fire Department, we suggest as follows: That one Steward be engaged at a salary of sixty dollars (\$60) per month, who shall devote his entire time and attention in and around the engine house or houses and keep in readiness for action in case of an alarm of fire all the apparatus belonging to the department, including hose, etc.

8. We recommend that the engineers of Engine Companies No. 1 and 2 be paid monthly the sum of fifteen dollars (\$15) each. Their services shall consist of running their engines at fire and assisting in keeping them in order and upon the housing or their respective engines, it shall be the duty of the steward to see that the engines, hose, etc., are properly cleaned and put in order for the next alarm.

9. That two firemen, one for Engine Company No. 1 and one for Engine Company No. 2, be engaged to fire the engines while at work at a fire, and at such other times as the companies may be called out by the Chief or his assistant, and that they shall be paid the sum of ten dollars (\$10) per month each for said services.

10. That each Engine Company, viz: Engine Company No. 1, and Engine Company No. 2 and Hand Engine Company No. 3, shall receive the sum of twenty dollars (\$20) each per month and the extra hose company, independent of the steamer companies, be allowed fifteen dollars (\$15) per month; and we recommend that the respective amounts allowed the respective companies be placed in the hands of the foreman of the different companies, for use and distribution among the members of their respective companies as he may deem advisable, and for the purpose of partly reimbursing the members for damages sustained while working at fire.

11. In the matter of the hook and ladder company we do not recommend at this time an appropriation, but trust it may be as liberally dealt with in case of organization as the aforesaid companies. The following is the expense incurred, monthly, as the running expense of the Reno Fire Department, as laid down by your committee:

FIRE AND WATER.

One steward, monthly pay.....	\$ 60 00
Engineer Engine Co. No. 1.....	15 00
Engineer Engine Co. No. 2.....	15 00
Two engine companies \$20 each.....	40 00
One hand engine company.....	20 00
One hose company.....	15 00
Two firemen for engine companies, \$10 each.....	20 00
Fuel, rent, gas, etc.....	65 00

Amount of appropriation.....\$250 00

You will notice that we have not set aside anything in the way of compensation for a Chief Engineer of the fire department or the 1st Assistant Chief. These we place in your hands to provide for as you may deem right and proper. We now submit our report for your consideration. Respectfully yours,

H. J. THYER,

J. L. McFARLIN,

JOHN FRASER,

Committee.

THE COMMISSIONERS.

At the special meeting of the Commissioners this afternoon the matter of purchasing the Logomarsino bridge was postponed for one week.

In fire matter the report of the citizens' committee was received and filed, and T. K. Hymers, J. S. McFarlin and Harry Fogg were appointed Trustees of the Fire Department.

BREVITIES.

Local and General Intelligence.

Beef is now quoted in Reno at 7 1/2 cents.

Allen C. Bragg departed for Rio Bonito last night.

The overland east-bound train was twelve hours late to-day.

Law Johnson's Black Baby Boy Minstrels will appear here on the 19th inst.

W. R. Mundell yesterday bought lot 5 and the south half of lot 4, block J, Powning's Addition.

The Virginia Chronicle says "the town of Reno is destined to become the railroad center and metropolis of the Silver State."

Ah Sing is the latest recruit at the Insane asylum. He hails from Humboldt county, is aged 55 years, and arrived last night.

For a nice, cold, invigorating drink of sparkling soda, drop into Pinniger's drug store. The syrups are all fresh and sweet, and the fountain is ever flowing.

There is said to be a dam across the Owyhee, about twenty miles below Tuscarora, which prevents salmon from coming up at the present stage of water.

The Governor Wednesday appointed Frank X. Murphy a Notary Public, to reside at Taylor, White Pine county, and Harsha White to reside at Pahump, Nye county.

A pair of valuable horses were fatally poisoned between Hawthorne and Garfield last week from drinking out of a tub in which strychnine had been put to cure hides.

The following named erratic individuals registered at the Depot hotel last night as "the Insane Asylum Club": M. C. Timmons, F. H. Cary, W. W. Fuller, R. G. Johnston, H. W. Higgins, E. D. Carpenter.

Carson Tribune: The auction sale of Powning's Addition lands at Reno on the 21st instant is the leading real estate movement now on the tapis in Nevada. It will be a red-letter day in the history of Washoe county.

The attention of Senator Stewart having been called to the arrest of several woodchoppers in Lander county, for cutting fuel for mining and domestic purposes, the public domain, he writes to a gentleman of Winnemucca that steps will be taken at once to stop such persecution.

A calf was born on the ranch of Charles Ball at Pioche recently, and its peculiar conformation attracted much attention. It has but three legs and one eye. Its form is natural with the exception of the front leg, which is between the shoulders, and the eye is in the center of the forehead.

THE LOGOMARSINO BRIDGE.

The Virginia Enterprise in commenting upon the action of Messrs. Beck, Boardman and Evans filing a protest against the payment by the County Commissioners of the sum promised by them as Washoe county's proportion for the building of the Logomarsino bridge, says:

"A few months ago the Commissioners of Washoe county agreed to donate \$1,400 for the construction of a bridge across the Truckee river at the Italian ranch if the Storey County Commissioners would put up \$600. The structure was to be built for \$2,000, but if it cost more the ranchers in the neighborhood were to pay the balance. The bridge was finished, and Storey's Commissioners went down to inspect it, having agreed to stand in, and they found such a job as the contract called for. Subsequently they instructed the County Clerk to notify Washoe's Commissioners that they could send in their bill here for \$600 and it would be duly honored."

"If Washoe's Commissioners cannot legally pay a dollar toward the construction of that bridge, they would exhibit quite a braidside of cheek by presenting a bill to this county for the same purpose."

"However, the bridge is built, and the Italian ranchers carry their vegetables over it, and it now rests with Mr. Curtis (who built it) to collect his money. He was fly enough to risk doing the work on the quiet, to save the wholesome competition which advertising of bids creates, and it now remains to be seen if he is fly enough to get his money."

Auction Sale of Lots.

C. C. Powning announces a grand auction sale of seventy lots in Powning's addition, Reno, on the 21st inst., sale to commence at 1 o'clock P. M. on the premises of C. W. Jones, auctioneer. Free trains will be run from Carson and Virginia.

Powning's addition is one of the most desirable residence locations at the Riverside burg, and the lots offer a rare chance for investment. See advertisement for particulars.

DR. PRENTICE.

Return of the Eminent Specialist.

After an Extended Visit to the Leading Hospitals of Europe.

We are pleased to chronicle the safe arrival and return to America of Dr. Prentice. Less than one year ago the Doctor visited Reno and Virginia City. The remarkable surgical operations and the successful treatment of cases, previously considered incurable, which the Doctor effected while here, are fresh in the memory of all who have gained for him a reputation seldom attained in his profession. It is a well-known fact that Dr. Prentice invariably devotes one year in three in an extended visit to the hospitals of Europe. Notwithstanding that he was having an enormous practice, and earnestly solicited to prolong his stay here, he was reluctantly compelled to shorten his visit and make his customary visit to the Old World. He promised, however, to return, and is now on his way to Nevada. He visited the leading hospitals of Ireland, Scotland, England, Germany, Austria, Belgium, France, the Principality of Monaco, Italy, etc. He assures his many patients that he has spared neither time nor money to acquire all the latest methods and scientific treatment used in the Old World. He will arrive from the East and go direct to Virginia City, where he will treat all cases of strabismus, or cross-eyes, hemorrhoids or piles, slammering, and the many ills for which he is renowned in effecting permanent cures. His visit to Virginia City will commence on the 20th of April, for one week, after which he will return to Reno.

A Railway Smash.

Reports reached this city to-day that a collision of freight trains occurred last night near Auburn, and much damage was done. No details have been received. Trains Nos. 2 and 4 are held at Auburn, while No. 1, due here this morning, is detained at Newcastle. It is expected the wreck will be cleared at 5 o'clock to-day, when all the delayed trains will move.

The Return Leap Year Party.

Invitations to the return leap year party are all out. Those who were present at the leap year ball, April 2d, will not receive invitations, as they are considered members of the family.

Still They Come.

To my already large stock of boots and shoes I have added misses' and children's fine and strong shoes, which I will sell at the lowest living rates. Give me a call.

H. F. PAVOLA.

Hostelry!

Just received an elegant job lot of imported French, open worked children's linen thread hose. Will sell for 75 cents; regular price \$1.50.

S. ENRICH, Nevada Cash Store.

Fryer's Able's Ointment—Made from the Gum of the Abietene Tree, or "Pinus abietina" is guaranteed for Piles, salt Rheum, Catarrh, Burns, Old Sores, etc. Price, 25 cents. Sold by W. Pinniger. We have the most complete line of Furniture on the Coast, from the cheapest to the most costly goods manufactured. Call at our warehouses and be convinced that our goods are the best and cheapest. Parties that find it inconvenient to reach our city can deal with us just as well by mail. Write us what articles you desire in our line, and we will send you photographs and prices that will please you. Remember, we guarantee satisfaction.

THE FISH COMMISSIONER.

An Angler After Commissioner Cary's Scalp.

EDITOR GAZETTE: By your journal of the 11th instant I notice in your editorial department you call attention of Fish Commissioner Cary to the dams on the Truckee river. Now, my dear sir, let me call your attention to an article in this evening's *Tribune* relative to our Commissioner (in name only), every word of which is truth, and I hope (if you haven't any private ponds to stock) you will deal with our incompetent Commissioner as his case deserves. Mr. Cary must resign or charges will be preferred against him. We look for the press of this State to aid in the matter. Our trout streams are depopulated, simply because Mr. Cary has a put on the officers of the law, and dams are permitted to remain simply to please Mr. Richman, who has no motive in this world but to board up his dollars. Either compel them to maintain decent fish ladders or tear out their dam-darns. The angling fraternity are around and no quarter will be shown. Let us have a war and a healthy one. Yours,

ANGLER.

CARSON CITY, April 12, 1888.

DR. PRENTICE.

Return of the Eminent Specialist.

After an Extended Visit to the Leading Hospitals of Europe.

We are pleased to chronicle the safe arrival and return to America of Dr. Prentice. Less than one year ago the Doctor visited Reno and Virginia City. The remarkable surgical operations and the successful treatment of cases, previously considered incurable, which the Doctor effected while here, are fresh in the memory of all who have gained for him a reputation seldom attained in his profession. It is a well-known fact that Dr. Prentice invariably devotes one year in three in an extended visit to the hospitals of Europe. Notwithstanding that he was having an enormous practice, and earnestly solicited to prolong his stay here, he was reluctantly compelled to shorten his visit and make his customary visit to the Old World. He promised, however, to return, and is now on his way to Nevada. He visited the leading hospitals of Ireland, Scotland, England, Germany, Austria, Belgium, France, the Principality of Monaco, Italy, etc. He assures his many patients that he has spared neither time nor money to acquire all the latest methods and scientific treatment used in the Old World. He will arrive from the East and go direct to Virginia City, where he will treat all cases of strabismus, or cross-eyes, hemorrhoids or piles, slammering, and the many ills for which he is renowned in effecting permanent cures. His visit to Virginia City will commence on the 20th of April, for one week, after which he will return to Reno.

The Rising Generation

sun should find you resolved to give Ayer's Sarsaparilla a thorough trial. It will cleanse and invigorate your blood, and restore the vital organs to their natural functions. Mrs. J. D. Upham, 231 Shawmut avenue, Boston, Mass., writes: "For a number of years I was troubled with indigestion, and unable, without distress, to take solid food. After using Ayer's Sarsaparilla one month I was

follows generation, transmitting a legacy of good or ill, according to well-known physical laws. To the unfortunate sufferer from hereditary Scrofula, nothing can be more cheering than the assurance that in Ayer's Compound Extract of Sarsaparilla is found a constitutional remedy, which eliminates the poisonous taint, and restores to the blood the elements necessary to

Entirely Cured."

Life and Health.

Mrs. H. M. Thayer, Milton, Mass., writes: "I have been very much troubled with torpidity of the liver, and Dyspepsia. Ayer's Sarsaparilla has cured me." Mrs. J. W. Bradlee, Hyde Park, Mass., writes: "I was greatly reduced by Dyspepsia, and was advised to take Ayer's Sarsaparilla, which entirely cured me." Mrs. M. F. Hamblett, 25 Lawrence street, Lowell, Mass., writes: "I was sick two years with stomach and liver troubles, and obtained no relief until I took

Alarie Mercier, 3 Harrison avenue, Lowell, Mass., writes: "My son was weak and debilitated, troubled with sore eyes and Scrofulous humors. Ayer's Sarsaparilla restored him to perfect health." Irving H. Edwards, Ithaca, N. Y., writes: "From the time I was four years old, until eighteen, I was subject to Scrofulous sore throat. Many a time my neck has been raw sore, from poultices put on to draw out the inflammation. I took four bottles of Ayer's Sar-

Ayer's Sarsaparilla

saparilla. Since that time I have enjoyed excellent health."

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

For sale by all Druggists. Price \$1.50 per bottle for \$5.

C. P. R. R. TIMBER LANDS. NOTICE.

THE CENTRAL PACIFIC RAILROAD Company hereby gives notice to all whom it may concern, that in future it will vigorously prosecute all persons who may cut or cause to be cut, or remove any timber standing, growing or being upon any of its lands, and that where such trespasses are settled out of court by payment of stumpage, such stumpage shall be assessed as for punitive damages, and be fixed at a sum not less than triple the value of the trees or timber cut or removed.

The company will sell its timber lands at a fair price where they have been, and where it has not, will enter into contracts for their sale to mature when it procures title, but it will not countenance any further depredations upon its timber, or settle for such depredations when committed upon any of its lands, or where such trespasses are settled out of court by payment of stumpage, such stumpage shall be assessed as for punitive damages, and be fixed at a sum not less than triple the value of the trees or timber cut or removed.

In this behalf, attention is called to the Federal Statute, which provides (Sec. 2461 R. S. U. S.) that if any person shall cut, or cause to be cut, or aid, or assist, or be employed in the cutting or in the removing of trees or timber, standing, growing or being on the public lands, every such person shall pay a fine of not less than triple the value of the trees or timber so cut or removed, and shall be imprisoned not exceeding three months.

W. H. MILLER, Land Agent
San Francisco, Jan. 25, 1888.

FLOWER SEEDS! ALL KINDS OF SEEDS!

Beef Points of Dairy Cattle.

National Stockman.
Many leading dairy writers agree at this time for specific dairy cattle for dairy purposes, shutting the eyes to everything except special dairy characteristics. We agree with a number of the points made, and concede that there is much of philosophy in them; but after all it is one of those things which like so many other things connected with agricultural pursuits, must be modified to suit individual circumstances. If a man is following dairying exclusively, and cannot or will not make any use of his bull calves, often not even raising his heifers, then the best dairy development alone is naturally the object. From this position clear through to the other extreme, where the breeder or farmer cares little for the milk except as it may be used to start calves toward a good beef form, there are all degrees of wants to be met. Breeders have attempted to develop and improve types of cattle to meet these wants, and as a result there are distinct types which in some degree combine the two qualities. The farmer with whom dairying is only a co-ordinate branch of farm industry must make use of his bull calves to advantage, and he cannot afford to utterly ignore beef points. There are plenty of beef cattle in this country which have little if anything to recommend them to those interested in milk; and at the same time there are beef families whose dairy development is sufficient to give them a positive standing on that ground. Then there are cattle classed as dairy stock whose beef features must be conceded to be worthy of consideration by the man who wants both milk and beef.

There is no cast-iron rule which can be laid down to govern those looking for cattle from which milk is desired. It is one of those things in which it is just as impracticable to hold people down to one line of selection as it is to have all agree on a common interpretation of Bible truth. Each man is in this matter of choosing cattle a law unto himself, and where he goes out of his way to make a studied selection he is as apt to do so to advantage as though he followed an accepted dictum as to his needs. There is a great variation in animals of any distinct breed. There are often only fair milkers among dairy cattle; just as there are only fair beefers to be not infrequently found among beef herds. Cross-breeding and grading have made some of the finest prize beef animals the country has ever known; and the same process has produced many every-day most profitable milkers;—though it is most unfortunate that from these facts many infer that cross-breds and grades are the kind of stock to breed from. All this being true, coupled with the circumstances that there is here and there a "native" milker, the peer of almost any other for profit, shows that while the special claims made for special dairy cattle, or for alleged general-purpose cattle, are in a measure correct, they must all be accepted with a grain of allowance by the farmer who looks to the daily and yearly produce of his stock for profit. When many are ready to extol the merits of Jersey beef, and when here and there a Shorthorn cow is found which for dairy qualities is hard to beat, it strikes the writer that the average producer can afford to take a pretty liberal view of this whole subject of dairy selection.
